CONDENSING GAS FURNACES

High-efficiency furnace
trade-in allowance

CARRIER CARES ABOUT YOUR COMFORT AND SATISFACTION

TURN TO THE EXPERTS

For more than a century, Carrier has gone the extra mile to make homeowners more comfortable. We have earned a leadership position in this industry by delivering customized solutions to even the most challenging indoor comfort dilemmas. Today, as you consider your options for your home heating and cooling system, it's comforting to know that when you elect to replace a qualifying furnace with new select Carrier furnaces, you can receive a trade-in allowance* from Carrier.

THE BENEFITS OF REPLACING YOUR SYSTEM

Deciding whether to repair or replace an existing system is never easy. As you consider your options, be sure to take into account that a new furnace will provide more years of comfort than an older, repaired furnace with the additional benefit of new product parts and warranties. And, our new Carrier furnaces are quieter and more efficient than our older models for even greater comfort and peace of mind.

In addition, replacing major furnace parts such as the heat exchanger can be difficult and labor intensive. In some cases, replacing the whole furnace may be the most economical solution in the long run when you consider operating costs of a more energy-efficient furnace.

Qualifying Existing Furnaces*

- MCA, MCB, MEC, MSA, MTA, MTB, MVB, MVC, MVP, MXA, MXB, UVB, 490A, PG9M, PG9UAA.
- Trade-In Allowance is only available to homeowners whose failed heat exchanger qualifies for the enhanced secondary heat exchanger warranty.
- This consumer promotion is a credit option in addition to the enhanced warranty for select high-efficiency Carrier furnaces.
- The Trade-In Allowance consumer promotion does not alter or affect the enhanced secondary heat exchanger warranty in any way, and the homeowner may still elect to have their secondary heat exchanger repaired at no cost.

* This consumer trade-in allowance promotion is only available to homeowners who own qualifying condensing furnaces that have suffered a secondary heat exchanger failure and qualify for enhanced warranty coverage. See Carrier.com/residential for details. This promotion does not affect or alter your rights to elect a FREE secondary heat exchanger repair under the enhanced warranty.

GIVING YOU CHOICES

Carrier's 90% AFUE family of gas furnaces offers a variety of models to fit a variety of needs. Regardless of which Carrier furnace is the best fit for your home, you'll enjoy outstanding comfort, reliability and savings backed by the innovator in home comfort: Carrier.

<p>To the original owner, the Carrier Infinity[®] model 59MN7 gas furnace is covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.† Ask your Carrier dealer about optional labor warranties.</p>	<p>To the original owner, the Carrier Infinity[®] model 59TN6 gas furnace is covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.† Ask your Carrier dealer about optional labor warranties.</p>	<p>To the original owner, the Carrier Performance[™] model 59TP6 gas furnace is covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.† Ask your Carrier dealer about optional labor warranties.</p>

** Sent to consumer as pre-paid card.

† The limited warranty period is five years on parts and 20 years on heat exchangers if not registered within 90 days of installation except in jurisdictions where warranty benefits are not conditioned upon registration. See warranty certificate at Carrier.com/residential for complete details and restrictions.

GAIN MORE CONTROL WITH A COMPLETE INFINITY® SYSTEM

With highly advanced communication at its core, a complete Infinity system gives you total control over your home's temperature, humidity, ventilation, air quality and zoning.

Infinity System Control	Infinity Air Conditioner	Evaporator Coil	Air Purifier	Humidifier	Ventilator
					
Allows precise temperature control and humidity control along with programmable features to further customized your comfort.	Provides efficient cooling for comfort and potential energy savings.	Matches to the proper outdoor unit to provide more cooling efficiency and years of reliable service.	Uses Captures & Kills® technology to inactivate 99% of select airborne pathogens trapped by the filter, including coronavirus, bacteria and other pathogens. ¹	Adds moisture to the air, helping keep static and dry skin at bay.	Combines fresh outdoor air with conditioned indoor air for improved air quality.

¹ The Infinity air purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation, which is a virus similar to the human novel coronavirus (SARS-CoV-2) that causes COVID-19. Therefore, the Infinity air purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use. Third-party testing (2012, 2007) also shows ≥99% inactivation for the type of virus that causes common colds, Streptococcus pyogenes and human influenza. Airborne particles must flow through your HVAC system and be trapped by the MERV 15 Infinity filter to be inactivated at 99%. Learn how it works at Carrier.com/purifier.
